CONCORD, NH – Congressman Charles F. Bass (NH-02) issued the following statement this morning about the tragedy in Greenland last night where Police Chief Michael Maloney was killed and four other officers were wounded.

Bass said:

"The terrible tragedy in Greenland last night sadly reminds us of the sacrifices made by public safety officials every day to keep our communities safe. Our hearts and prayers go out to Chief Michael Maloney's family and to wounded officers Detective Gregory Turner, Detective Eric Kulberg, Detective Scott Kukesh, Detective Jeremiah Murphy, and their families. I join the people of New Hampshire in standing behind the Granite State's entire law enforcement community during this extremely difficult time."
